# OVERVIEW

Improving productivity is one of the biggest challenges organizations face worldwide. So how can you boost productivity in your organization? Leading Productivity addresses what productivity is and why it matters in the context of innovation and productivity, employee well-being and productivity, and management and productivity. The programme is based on the latest research into productivity, providing you with the

knowledge and understanding of a range of relevant leadership and innovation theories and practices, and their application to contemporary and emerging issues. You will walk away equipped with the knowledge to improve the productivity of your business. The program is designed for professional in general management positions as well as mid to senior level executives from SMEs.

 <p>Our exceptional digital campus platform will give you access to videoconferences, forums, readings, slides, technical notes, multimedia documents, and case studies required for the programme.</p>	 <p>Our programmes are designed to challenge your perspectives and create real impact that will empower you, your team, and your organization with new skills, strategies, and tools.</p>	 <p>Network with like-minded professionals and learn from your peers as well as industry experts and faculty.</p>
--	--	--

**Learning Outcomes:**

At the end of this programme, you will have a good understanding of the key concepts and frameworks to:

1. Identify why productivity is important for your organisation and the economy
2. Appreciate the role of innovation as a driver of productivity
3. Understand why productivity has been on the decline
4. Know the importance of employee health and wellbeing for firm productivity
5. Evaluate and promote good management practices
6. Champion the importance of good management in driving productivity

## WHO IS THIS PROGRAMME FOR

Participants may be mid-senior level managers who want to understand how to boost their business's performance and productivity. It will be of interest to managers who work in operations, manufacturing and services.

## PROGRAMME FACULTY

### PROFESSOR JOHN TURNER Professor of Finance

John Turner is a Professor of Finance and Financial History at Queen's University Belfast and is the founder of the Centre for Economic History and a co-founder of the Long Run Institute. He heads up Northern Ireland's Productivity Forum. John is the former Head of Queen's Management School and is a programme instructor on a range of executive courses at the Institute, including the InterTradeIreland Innovation Boost Pg Dip Innovation Management. He has been a Houblon-Norman Fellow at the Bank of England and an Alfred Chandler Fellow at Harvard Business School. He is an editor at the Economic History Review and Economics Observatory. He has recently co-authored Boom and Bust: A Global History of Financial Bubbles, which was listed as a Financial Times best book of the year in 2020.

## EXCEPTIONAL EXECUTIVE EDUCATION EXPERIENCE

The Clinton Leadership Institute delivers executive education programmes with the aim of creating real impact for leaders, managers and their organisations. Our mission, while addressing future work skills and workplace requirements, is to empower and develop leaders and future generations of leadership to create positive social and economic impact for a better world. Our executive programmes synergise the rich Queen's University academic heritage with cutting edge leadership thinking and techniques from experts at William J. Clinton Leadership Institute and Queens Management School. Real world industry insights and exciting new developments from our university research centres contribute to building leadership expertise, transforming individual and organisational performance and boosting competitive edge.
