LOCATION

QUB, Belfast

LANGUAGE

English

PRICE

£1700
Payment options are available

WHO SHOULD ATTEND

Small business owners, Mid-to senior-level managers who are in leadership positions – of business units, functions, and products.

OVERVIEW

A key priority in today's board is how to manage the innovation flow within the organisation. How do we foster a culture of innovation and how can we structure the organisation to allow innovation initiatives to flourish?

On the Design Thinking for Innovation programme, you will develop the knowledge, skills and confidence to 'become agile.' You will be introduced to the origins of the design thinking concept; its applications and benefits, as well as its most interesting impacts across your organisation. You will learn the benefits of constructing and improving value propositions.

Design thinking and agile methodologies are tools which will enable you to drive innovation at the centre of your organisation. The Design

Thinking for Innovation programme provides small business owners and mid-to-senior-level managers with the skills to develop an innovative culture, evaluate risks and rewards, assess potential organisational designs, as well as review cases of success and failure within their organisation.

You will walk away with the fundamental tools of design thinking, learning the benefits of using critical tools; such as Journey Mapping, as well as learning the skills to build a customer-centric organisation.

 <p>Our exceptional campus platform will give you access to videoconferences, forums, readings, slides, technical notes, multimedia documents, and case studies required for the programme.</p>	 <p>Gain the knowledge and tools to exploit the value in data, make better decisions and drive your organisations competitive edge. Improve your performance and boost your career advancement your with market-driven business skills.</p>	 <p>Network with like-minded professionals and learn from your peers as well as industry experts and faculty.</p>
--	--	--

EXCEPTIONAL EXECUTIVE EDUCATION EXPERIENCE

The Clinton Leadership Institute delivers executive education programmes with the aim of creating real impact for leaders, managers and their organisations. Our mission, while addressing future work skills and workplace requirements, is to empower and develop leaders and future generations of leadership to create positive social and economic impact for a better world. Our executive programmes synergise the rich Queen's University academic heritage with cutting edge leadership thinking and techniques from experts at William J. Clinton Leadership Institute and Queens Management School. Real world industry insights and exciting new developments from our university research centres contribute to building leadership expertise, transforming individual and organisational performance and boosting competitive edge.

Principles for Responsible
Management Education

We are proud to offer you a new series of Innovation, Strategy, Transformation programmes to develop your future skills and workplace requirements in the digital economy. As part of this series the Design Thinking for Innovation programme offers a unique opportunity to gain the knowledge and tools to truly embrace innovation and agility, incorporating these into the everyday fabric of leadership and management within your organisation.

Throughout this on campus programme you will have the opportunity to network and learn from like-minded business leaders from a diverse range of industries and our experienced faculty. I look forward to welcoming you to this programme in the near future.
